

## **Internship Opportunity - LOS ANGELES**

### **Hawker Pacific Aerospace (HPA)**

A Lufthansa Service Company

#### **Company Background:**

---

Hawker Pacific Aerospace (HPA) is a leading provider of repair and overhaul services of landing gear, hydraulic systems and other components for commercial aircraft, helicopters and other aircraft. Our customers include major international airlines and air transport fleets.

The company has its landing gear refurbishing headquarters in Los Angeles, USA.

Lufthansa Technik, the world leader in aircraft maintenance, acquired a majority shareholding in September 2000 and has since become sole owner. We aim to become the preferred provider in the market we serve with a reputation as a company of integrity and excellence in service.

Further information: [www.hawker.com](http://www.hawker.com)

Hawker Pacific Aerospace set up an internship program together with Lufthansa Technik, offering students from various fields and backgrounds the opportunity to gain valuable experience in the international Aerospace Industry. Hawker Pacific Aerospace could also give students the opportunity to write their final thesis for the company.
